Abilities

Physical

Skeleton Physiology

A skeleton is a skeleton but animated, as such they have the powers and abilities of an animated skeleton.

Defunct Physiology

Skeletons lacks any physical weaknesses of an organic, living body including the need for rest, sustenance or other physical requirements. They do not feel pain and cannot be poisoned or get ill.

Digestive Expulsion Independence

As a skeleton, they can function, but lacks the need to defecate or urinate.

Earless Perception

Skeletons are somehow able to hear despite lacking ears.

Eyeless Perception

Skeletons have the sense of vision despite having no eyes.

Organ Independence

Skeletons lack and/or live without any internal organs.

Oxygen Independence

Skeletons can survive without the need for oxygen.

Pain Immunity

A skeleton is immune to the sensation of pain as such they are also immune to fear.
